[Business Tours](#) launched by [Business Georgia](#) is a part of company strategy as promoting general business and investment environment in the country. The concept of tour is to connect two different parties with each other: potential investors that are seeking investment opportunities and on the other side, the ones (companies, individuals, start-ups) that have different business projects and are looking for strategic partners. Business Georgia will be the bridge between those networks and play the role of facilitator in the process.

General Business Tour

As it was already mentioned above, [General Business Tours](#) serve to one main purpose – to provide and exchange information about business environment in the country, to emphasize key factors that affect the simplicity of investing and starting the business, to highlight country advantages and potential of prioritized industries. This kind of tour in its structure covers all the necessary spots to visit in order to figure out how to start and manage business in Georgia.
